

FORS – The national centre of expertise in the social sciences

Media relations: monika.vettovaglia@fors.unil.ch, Tues, Thu, Fri by phone : + 41 21 692 3747

FORS is the national centre of expertise in the social sciences. FORS enhances and supports work in the social sciences by conducting surveys and methodological research, and by providing researchers with a wealth of information and data for secondary analysis.

Its primary activities:

Production of survey data, including national and international surveys.

Dissemination of data for use in secondary analysis.

Research in empirical social sciences, with focus on survey methodology.

Consulting services for researchers in Switzerland and abroad.
